

Dipartimento di Chimica
e Tecnologie Chimiche

WORKSHOP

“From molecular shape to material properties:
exploring the world of fancy metal complexes”

remembering Daniela...

Università della Calabria, Italy
Sala Stampa “Centro Congressi”
28-29 March, 2018

Invited Speakers

R. Barberi, University of Calabria, Italy
B. Donnio, IPCM-CNRS, Strasbourg, France
C. Pettinari, University of Camerino, Italy
J. L. Serrano, University of Zaragoza, Spain
E.I. Szerb, Romanian Acad.-ICH T, Romania

Oral Communications

G. Chidichimo, University of Calabria, Italy
F. Ciuchi, Nanotech-CNR, Rende (CS), Italy
L. De Bartolo, ITM-CNR, Rende (CS), Italy
G. De Munno, University of Calabria, Italy
A. De Luca, University of Calabria, Italy
G. De Luca, University of Calabria, Italy
A. Golemme, University of Calabria, Italy

Organizers

A. Crispini, M. Ghedini, I. Aiello, M. La Deda, N. Godbert

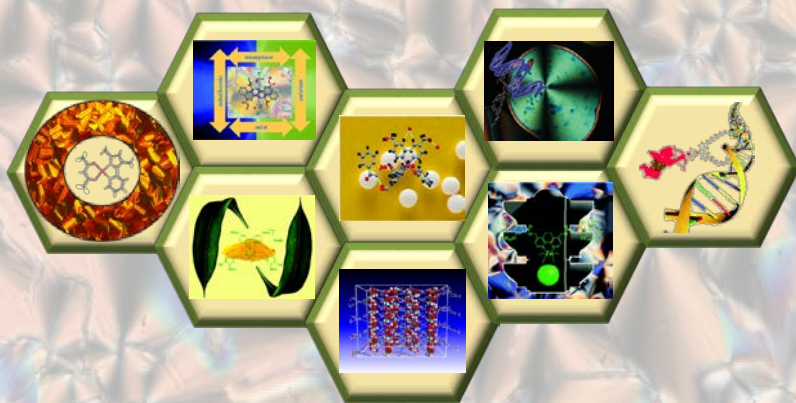

UNIVERSITÀ DELLA CALABRIA

Laboratorio di Materiali
Molecolari Inorganici

Dipartimento di Chimica
e Tecnologie Chimiche

PROGRAM

Wednesday, 28th of March

- 15:00 **Remembering Daniela** with Prof. G. M. Crisci (*Rector of the University of Calabria, Italy*)
Prof. Mauro Ghedini (*Emeritus Professor of Inorganic Chemistry, University of Calabria, Italy*)
Prof. Roberto Bartolino (*University of Calabria, Italy*)
Prof. Alessandra Crispini (*Head of the Department of Chemistry and Chemical Technologies, University of Calabria, Italy*)
Prof. Antonio D'Alessandro (*President of the Italian Liquid Crystal Society, University of Roma Sapienza, Italy*)
- 16:00 "In the sign of pyrazole: 30 years of research at the University of Camerino, ranging from organometallic to bioinorganic chemistry"
Prof. Claudio Pettinari (*Rector of the University of Camerino, Italy*)
- 16:30 **Coffee Break**
- 16:45 "Controlled Nanoparticles Self-Assembly by Ligand Surface Functionalization"
Prof. Bertrand Donnio (*IPCM-CNRS, Strasbourg, France*)
- 17:15 Prof. Giuseppe Chidichimo (*University of Calabria, Italy*)
- 17:30 Dr. Loredana De Bartolo (*ITM-CNR Rende, (CS), Italy*)
- 17:45 Prof. Antonio De Luca (*University of Calabria, Italy*)

Thursday, 29th of March

- 09:30 "Metallomesogens: An excellent tool to functional materials"
Prof. Josè Luis Serrano, *University of Zaragoza, Spain*
- 10:00 Prof. Giovanni De Munno (*University of Calabria, Italy*)
- 10:15 Prof. Attilio Golemme (*University of Calabria, Italy*)
- 10:30 Dr. Federica Ciuchi (*Nanotech-CNR, Rende (CS), Italy*)
- 10:45 **Coffee Break**
- 11:00 "Transition metal coordination complexes–building blocks for functional 'soft' materials"
Dr. Elisabeta Ildyko Szerb (*Romanian Acad.-ICH T, Romania*)
- 11:30 Prof. Giuseppina De Luca (*University of Calabria, Italy*)
- 11:45 "Metallomesogen materials to investigate the nematic order reconstruction"
Prof. Riccardo Barberi (*University of Calabria, Italy*)
- 13:00 **Aperi-lunch**
